## Bucket List Culinary Trips to Take This Year

### **Delicious Bites & Sensational Sights at this Water Table Dining Experience at Playa Largo Resort & Spa**

Situated on 14.5 secluded beachfront acres in the Florida Keys, **Playa Largo Resort & Spa** is a chic, tropical oasis and has all the makings for the ultimate island vacation. The award-winning resort recently unveiled a unique and exclusive Water Table Dining Experience at the resort's signature beachside restaurant, Sol by the Sea. Set at a table in the calm bay waters, the Water Table Dining Experience offers guests an intimate and one-of-a-kind experience with delicious bites and sensational sights. Guests can kick off their shoes, dip their toes (more like knees!) in the water, and have front row seats to the stunning, cotton candy sunsets while enjoying fresh, coastal culinary creations under the soft glow of string lights.
